**Forecast for Saturday 12 Nov 2022**

**Weather:** Cloudy start below 700m, with many summits above 700m cloud free. This morning the cloud layers will gradually break up, allowing sunny spells to develop. This evening areas of low cloud may reform.

**Chance of cloud-free hill tops above 600m:** the highest summits are likely to be above the cloud layers at first, therefore 50% initially gradually improving to 90% as cloud clears, deteriorating to 30% again later this evening.

**Low cloud and visibility:** Broken low cloud layers mainly between 400 to 700m, the low cloud will gradually clear by late morning with good views expected during the afternoon. The visibility will be poor initially but will improve to very good this afternoon. Areas of low cloud are likely to reform this evening, covering many summits.
